ABSTRACT

These statistics were compiled from information supplied by Arizona's public libraries. The document is divided according to the following county groups: Apache, Cochise; Coconino, Gila; Graham, Greenlee, La Paz; Maricopa; Mohave, Navajo; Pima, Pinal; Santa Cruz, Yavapai; Yuma. Statistics are presented on the following: general information; library staff (FTE); volunteers; library operating income (by source); library operating expenditures; library collection in physical units; library services per annum; children's services; and selected measures. Grand totals for all the counties together are given for each of these nine areas. The Arizona Public Library Data Report is included. An appendix presents a table of 1990 census estimates on county income and poverty percentage below the poverty level for children under five years old, children five to seventeen years old, and children total under seventeen. PREFACE

The *Arizona Public Library Statistics, 1999-2000* is compiled from information supplied by the public libraries. We have tried to arrange the information in a form that is both useful and easy to use. If you have any suggestions to improve the document, please send them to my attention.

Thanks to all of the public librarians, public library staff members, and the County/District Libraries for your continuing assistance.

Arizona State Library, Archives and Public Records
ARIZONA PUBLIC LIBRARY DATA REPORT
With Definitions and Notes
Reporting period: July 1, 1999 to June 30, 2000

Please complete one report for your library or library system. If the report is for a system, the data should be the totals for your central library and all of your branches. County Librarians, please complete a report for the library district office.

The Arizona State Library, Archives and Public Records participates in a national public library data collection system known as the Federal-State Cooperative System for Public Library Data, or FSCS. The purpose of this system is to ensure the collection of comparable data in all states. These data are useful in the creation of a composite report on the public libraries of the United States by the National Center for Education Statistics (NCES) of the U.S. Department of Education. They will also be useful for librarians and researchers in Arizona and elsewhere in making library-to-library or state-by-state comparisons.

Definitions are important to ensure comparability of data from different libraries and states. For the most part, these definitions were taken from those published by NCES, which in turn, come from the standards for library statistics approved in 1983 by the National Information Standards Organization (Z39). It is critical that you read and respond according to the definitions.

Estimates are important if exact data are not available. Reporting libraries should not leave any items blank. If an exact figure is not available for a particular item but you know that the amount is greater than zero, please enter an estimate of the amount and indicate that the figure is an estimate on the "state note" section.

Reporting libraries should not leave any items blank. You should enter "0" if the appropriate entry for an item is zero or "none", should enter "N/A" if an item does not apply to a particular library. ("N/A" means not applicable for the library. It does not mean "not available".) You should enter UNK for unknown if your library does not collect a data element.

Items that ask for dollar amounts must be rounded to the nearest whole dollar. However, items such as FTE staff and hours of service may be reported with up to two decimal places.

Reports must be locked and submitted via this on-line form, NO LATER THAN MAY 1, 2001.

Please follow the data report instructions and definitions for completing each data item.

PART I - GENERAL INFORMATION

This section provides information on the number of people served by the library and on public service outlets. Reported figures are as of the last day of the fiscal year.

22. Number of registered borrowers?

A registered borrower is a library user who has applied for and received an identification number or card from the public library which establishes the conditions under which the user may borrow materials. Figures are not reported unless the library has purged its file at least once within the last three years. If the library has household registration rather than or in addition to individual registration, the library has multiplied the number of households registered by the average number of persons in each household in the state which is currently 2.7.

23. Number of central libraries?

The single unit library, or the unit where the principal collections are kept and handled. Can also be called Main Library. Each administrative entity may report either **no** central library or **one** central library. Where two or more libraries are locally considered "centrals", one central library and one or more branch libraries should be reported on this form. Where there are several co-equal outlets and no principal collection report all such outlets as branches, not central libraries.

24. Number of branches and/or affiliates?

Branch libraries have all of the following: 1) separate quarters, 2) a permanent basic collection of books, 3) a permanent staff, and 4) a regular schedule for opening to the public. *In your system, these libraries may not be termed "branches", nevertheless if they meet the definition, count them here.*

25. Number of bookmobiles?

A bookmobile is a traveling branch library. It consists of at least all of the following: 1) a truck or van that carries an organized collection of library materials; 2) paid staff; and 3) regularly scheduled hours (bookmobile stops) for being open to the public. Note: Count the number of vehicles in use, not the number of stops the vehicle makes.

26. Number of other public service outlets?

A total of all other service outlets, that are not branches or bookmobiles. For example: deposit collections and collections in nursing homes, jails, hospitals, half-way houses, day care centers, kiosks, etc.

PART II - LIBRARY STAFF (PAID STAFF - FTE)	Number of FTE
---	----------------------

FULL-TIME EQUIVALENT EMPLOYEES: Report figures as of the last day of the fiscal year. To ensure comparable data, 40 hours per week has been set as the measure of full-time employment. To compute full-time equivalents (FTE) for each employee in any staff category, the number of hours worked per week is divided by 40.

Report figures as of the last day of the fiscal year. Include all positions in the library's budget whether these positions are filled or not.

LIBRARIANS – Persons with the title of librarian who do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. Each librarian is reported in only one category.

Report staff figures in Full Time Equivalents

27. ALA-MLS Librarians

Librarians with master's degrees from programs of library and information studies accredited by the American Library Association.

28. Persons with the title of librarian with a master's degree, other than an ALA-MLS.

29. Persons with the title of librarian who have not been counted above.

30. Total number of librarians (Add #27, #28, and #29)

31. All Other Paid Staff

(Includes all other persons paid by the library budget including clerical staff, pages, plant operations, security, and maintenance staff.) Activities concerned with keeping the physical plant open, safe, and ready for use. Includes cleaning, disinfecting, heating, lighting, communications, power, moving furniture, handling stores, caring for grounds, and other such housekeeping activities as are repeated somewhat regularly on a daily, weekly, monthly, or seasonal basis. Include minor repairs (e.g. broken windows). Include contractual costs and salaries and benefits of plant operation, security, and maintenance staff if paid from the library budget.

32. Total Paid Staff

Total of previous two figures. (**Add #30 and 31**)

33. How Many of the Total Staff (above) are designated as Plant Operations, Security, and Maintenance Staff

34. Salary Of The Library Director

Figure shown is annual salary (not a salary range) for the reporting fiscal year.

35. Entry Level Professional Salary

Figure shown is annual salary (not a salary range) for the reporting fiscal year.

PART III - VOLUNTEERS (Unpaid Staff)

Counted are unpaid persons who have given time during the year to the library, including advisory board members, storytellers, book sale personnel, and those who contribute time to operations and/or support. **Individuals are counted, not full-time equivalents.** Also shown is the sum of all volunteer hours worked for the fiscal year.

36. How many volunteers helped the library last year?

37. Total number of hours the volunteers worked last year?

PART IV - LIBRARY OPERATING INCOME BY SOURCE**Amount**

Report income used for operating expenditures as defined below. Include federal, state, or other grants. DO NOT include income for major capital expenditures, contributions to endowments, income passed through to another agency (e.g., fines), or funds unspent in the previous fiscal year. (Funds transferred from one public library to another public library should be reported by only one of the libraries, for example, district libraries shall report state grants-in-aid funds, even if transferred to other libraries.) **Figures should be “rounded off” to the nearest dollar amount.**

LOCAL GOVERNMENT SOURCES – All tax and nontax receipts allocated by the community, county, district of the public library or Native American tribe and available for expenditure by the public library. NOT included is the value of any contributed or in-kind services and the value of any gifts and donations, fines, or fees.

Round off to nearest dollar

38. Local Government - City / Tribal

39. Local Government - County / District

40. Total support from local government (**Add #38 and #39**)

All tax and nontax receipts allocated by the community, county, district of the public library or Native American tribe and available for expenditure by the public library. NOT included is the value of any contributed or in-kind services and the value of any gifts and donations, fines, or fees.

41. State Government Funds including State Grants-In-Aid

All funds distributed to public libraries by state government for expenditure by the public libraries, **except for federal monies distributed by the state, such as LSCA/LSTA funds.**

42. LSTA Funds

All funds from LSTA distributed to public libraries for expenditure by the public libraries.

43. Other Federal Funds

44. Identify: _____

All revenue from the federal government distributed to public libraries for expenditure by the public libraries, including federal money distributed by the state, except LSTA funds.

45. Other income not previously reported

Reported here is all income other than that reported in previous sections. Included, for example, are gifts, donations, interest, fines, and fees. However, this figure does NOT include the value of any contributed services or the value of "in-kind" gifts and donations.

46. TOTAL OPERATING INCOME (Add #40 thru 45)

PART V - LIBRARY OPERATING EXPENDITURES	Amount
--	---------------

Operating expenditures are the current and recurrent costs necessary to support the provision of library services. Significant costs, especially benefits and salaries, that are paid by other taxing agencies (government agencies with the authority to levy taxes) "on behalf of" the library may be included if the information is available to the reporting agency. Only such funds that are supported by expenditure documents (such as invoices, contracts, payroll records, etc.) at the point of disbursement should be included. Estimated costs are not reported.

Round off to nearest dollar

STAFF EXPENDITURES

47. Salaries And Wages

This amount reflects the salaries and wages for all library staff for the fiscal year, including plant operation, security and maintenance staff, if paid from the library budget. It shows salaries and wages before deductions, but excludes "employee benefits."

48. Employee Benefits

These are the benefits outside of salaries and wages paid and accruing to employees, (including plant operations, security, and maintenance staff), regardless of whether the benefits or equivalent cash options are available to all employees. Include amounts for direct paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits.

49. Total Salaries, Wages And Employee Benefits (Add #47 and #48)

COLLECTION EXPENDITURES

This includes all expenditures for materials purchased or leased for use by the public. It includes print materials, serials, microforms, machine-readable materials, audiovisual materials, etc.

50. Print Materials

Materials consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that do not require magnification: books, bound periodicals, government documents, braille material, ephemeral print material, and the like. Exclude current serial subscriptions, microforms, a-v materials, etc.

51. Current Serial Subscriptions

Publications issued in successive parts, usually at regular intervals, and, as a rule, intended to be continued indefinitely. Serials include current periodicals (magazines), newspapers, annuals (reports, yearbooks, etc.) proceedings, and transactions of societies.

52. Operating Expenditures for Library Materials in Electronic Format

Report operating expenditures for materials considered part of the collection, whether purchased or leased, such as CD-ROMs, magnetic tapes, and magnetic discs that are designed to be processed by a computer or similar machine. Examples are U.S. Census data tapes, locally-mounted databases, serials, and reference tools. Include operating expenditures for equipment when the cost is inseparably bundled into the price of the information service product. Exclude operating expenditures for library system software and microcomputer software used only by the library staff. Note: These expenditures should also be included in Total Operating Expenditures. *If these expenditures are not currently kept separately by your library, please enter N/A here, and lump these costs into Number 53 below.*

53. Other Materials

Includes all expenditures for materials not reported in previous three categories, for example; microforms, machine-readable materials, a-v materials, etc.

54. TOTAL COLLECTION EXPENDITURES (Add #50 thru 53)

Total of previous three categories. If a library is not able to provide details requested in these items but can provide a total figure, it is reported.

OTHER EXPENDITURES

55. Operating Expenditures for Electronic Access

Report all operating expenditures from the library budget associated with access to electronic materials and services. Include computer hardware and software used to support library operations, whether purchased or leased, mainframe and microcomputer. Include expenditures for maintenance. Include expenditures for equipment used to run information service products when that expenditure can be separated from the price of the product. Report expenditures for services provided by national, regional, and local bibliographic utilities, networks, consortia and commercial services. Report all fees and usage costs associated with such services as OCLC FirstSearch or electronic document delivery. Note: These expenditures should also be included in Total Operating Expenditures. *If your library does not currently keep these expenditures separately, please enter N/A here, and lump these costs into Number 59 below.*

56. Preservation

Activities associated with maintaining library and archival materials for use either in their original form or in some other usable way, including but not limited to binding and rebinding, materials conversion, deacidification, lamination, and restoration. Salaries are not included.

57. Plant Operations, Security, and Maintenance

Activities concerned with keeping the physical plant open, safe, and ready for use. Includes cleaning, disinfecting, heating, lighting, communications, power, moving furniture, handling stores, caring for grounds, and other such housekeeping activities as are repeated somewhat regularly on a daily, weekly, monthly, or seasonal basis. Include minor repairs (e.g. broken windows). Includes contractual costs with outside firms, but does NOT include the salaries and benefits of plant operation, security, and maintenance staff, if paid from the library budget, since these are reported under "Staff Expenditures."

58 Furniture and Equipment

Includes expenditures for all furniture and equipment purchased during the fiscal year if they are not considered capital expenditures. May include microform equipment, audiovisual equipment and computer related equipment. Note: Local accounting practices determine whether a specific item is a capital expense or an operating expense regardless of examples in the definitions.

59. Other Operating Expenditures

Include all expenditures other than those given previously.

60. Total Other Expenditures (Add #55 thru 60)

61. TOTAL OPERATING EXPENDITURES (Add #49, #54, and #60)

Note: Includes operating expenditures for electronic access and operating expenditures for library materials in electronic format.

The total of all operating expenditures. Does not include capital outlay.

62. CAPITAL OUTLAY

Funds for the acquisition of or additions to fixed assets such as building sites, new buildings and building additions, new equipment (including major computer installations), initial book stock, furnishings for new or expanded buildings, and new vehicles. Bond funds used for these purposes should also be reported in this category. This excludes replacement and repair of existing furnishings and equipment, regular purchase of materials, and investments for capital appreciation. Note: Local accounting practices determine whether a specific item is a capital expense or an operating expense regardless of examples in the definitions.

Note: Unless otherwise indicated, reports for each item are the physical units held at the end of the year. Physical units are items which are packaged together as a unit, e.g., two compact discs or two video cassettes, and are generally checked out as a unit, should be counted as one physical unit. Libraries report the number of units owned, both cataloged and uncataloged. If physical units data is not available, you may substitute titles held.

Physical Units**63. Books / Serial volumes**

Nonperiodical printed publications bound in hard or soft covers, or in loose-leaf format. Publications issued in successive parts, usually at regular intervals, and as a rule, intended to be continued indefinitely. Serials include periodicals (magazines), newspapers, annuals (reports, yearbooks, etc.), proceedings, and transactions of societies. Except for the current volume, unbound serials are counted when the library has at least half of the issues in a publisher's volume. Government Documents may be added here, whether in a separate collection or not.

64. Audio Materials

A generic term for materials on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically or electronically, or both. This includes audiocassettes, audiocartridges, audiodiscs, audioreels, talking books, and other sound recordings.

65. Video Materials

A generic term for materials on which pictures, sound, or both are recorded. Electronic playback reproduces pictures, sounds or both using a television receiver or monitor.

66. Materials In Electronic Format

Report the number of physical units such as CD-ROMs, magnetic tapes and magnetic disks that are designed to be processed by a computer. Examples are U.S. Census data tapes, locally-mounted databases, reference tools, and serials on CD-ROM, tape, or floppy disk. Exclude bibliographic records used to manage the collection, library system software, and microcomputer software used only by the library staff.

67. Other Library Materials

Includes all materials not already reported.

68. Current Serial Subscriptions

This refers to the arrangements by which, in return for a sum paid in advance, periodicals, newspapers, or other serials are provided for a specified number of issues. These are print and microfilm subscriptions only; not electronic or digital subscriptions. Note: Count print subscriptions purchased from the library's budget and those donated to the library as gifts. Count titles, including duplicates, not individual issues. Include the total number of subscriptions for all outlets.

PART VII - LIBRARY SERVICES TOTALS FOR THE FISCAL YEAR

Reported as an Annual Figure

69. Public Service Hours, Annual

This is the sum of annual public service hours for outlets. Note: Include the hours open for public service for central, branches, bookmobiles, and books-by mail only. For each bookmobile, count only the hours during which the bookmobile is open to the public. For Administrative Entities that offer ONLY books-by mail service, count hours that the outlet is staffed for service. Minor variations in scheduled public service hours need not be included, however extensive hours closed to the public due to natural disasters or other events should be excluded even if the staff is scheduled to work.

Count both central library and branches using the following method. If the central library is open 60 hours per week (60 times 52 weeks = 3120), less 5 days of 10 hours each closed for holidays, the main library total is 3120 less 50 = 3070 hours. If 3 branch libraries are also open the same number of hours as the main library (regardless of whether or not all facilities are open at the same time), the annual aggregate for the library is 4 times 3070 = 12,280 hours. Includes bookmobiles if appropriate.

70 Total Attendance In Library Per Year

This is the total number of persons entering the library for whatever purpose during the year. Note: If an actual count of visits is unavailable, determine an estimate by counting visits during a typical week (October is suggested) and multiplying the count by 52. A “typical week” is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or the library. Choose a week in which the library is open its regular hours. Include seven consecutive calendar days, from Sunday through Saturday (or whenever the library is usually open).

71. Total Reference Transactions Per Annum

The total reference transactions per year, whether completed or not. Definition: A “reference transaction” is an information contact which involves the knowledge, use, recommendations, interpretation, or instruction in the use of one or more information sources by a member of the library staff. It includes information and referral services. Information sources include printed and non-printed materials, machine-readable databases, catalogs and other holdings records, and, through communication or referral, other libraries and institutions and people inside and outside the library. The request may come in person, by phone, by fax, mail, or by electronic-mail from an adult, a young adult, or a child.

Do not count directional transactions or questions of rules or policies. Examples of directional transactions are “Where are the children’s books?” and “I’m looking for a book with the call number 811.2G.” An example of a question of rules or policies is “Are you open until 9:00 tonight?”

Note: If count of reference transactions is unavailable, determine an estimate by counting reference transactions during a typical week. A typical week is a week in which the library is open its regular hours, containing no holidays. It is seven consecutive calendar days, from Sunday through Saturday, or whatever days the library is open during that period.

72. The total reference transactions completed per Annum.

73. Total Circulation Transactions

A "circulation transaction" is the act of lending an item from the library's collection for use generally (although not always) outside the library. This activity includes charging, either manually or electronically, and also renewals, each of which is reported as a circulation transaction. In house use is not reported. Note: Count all materials in all formats that are charged out for use outside the library. Interlibrary loan transactions included are only items borrowed for users. Do not include items checked out to another library.

74. Number of programs done by the library for all age groups.

An information contact in which a staff member or person invited by a staff member provides information intended for a number of persons and planned in advance. Information service to groups may be either bibliographic instruction or library use presentations, or it may be cultural, recreational, or educational programs or presentations. Children's programs are also counted in this category. Programs or presentations both on and off the library premises are included, as long as they are sponsored by the library. Not included are meetings sponsored by other groups using library meeting rooms.

75. Number of persons attending these programs.

The following questions are intended to collect data for evaluating the Library Services and Technology Act grants begun in fiscal year 1998. Estimates are acceptable in answering questions 76-87.

76. Does your library sponsor a program to work with children in poverty?¹

Yes or No

To sponsor means that the library houses, or promotes, or provides space or materials or staff for the program.

77. If yes, How many children in poverty were served by these programs?

78. Does your library sponsor a literacy program?

Yes or No

79. If yes, How many people participated in the program this year?

80. Does your library sponsor English as a Second Language program?

Yes or No

81. If yes, How many people participated in the program this year?

¹ See Appendix 1 for definition of children in poverty and percentage per county table.

82. Does your library provide programs in cooperation with other cultural institutions such as museums? Yes or No

83. If yes, How many did you do last year?

84. Describe these programs _____

85. Does your library provide materials for those who cannot use traditional print materials? Yes or No

86. Approximately how many people do you serve with these materials?

87. Number of online database searches

For the year, reference transactions in which the source utilized is one or more commercial databases searched online by computer (Not included are online catalog searches).

Electronic Technology

88. Does your library provide access to electronic services? Yes or No

These are electronic services provided due to subscription, lease, license, consortial membership or agreement. Include full-text serial subscriptions and electronic databases received by the library or an organization associated with the library.

89. Does the public library have access to the Internet? Yes or No

The Internet is the collection of networks that connects government, university, and commercial agencies (e.g., NSFNET, WestNet, etc.) and is unified by the use of a single protocol suite, TCP/IP. Report the library as providing Internet access only if one or more of the following services are accessible: telnet, gopher, file transfer protocol (FTP), or community network. DO NOT report a library that has access to electronic mail only.

90. If the library has Internet access, is Internet used by (select one):

ST – library staff only

PI – patrons through a staff intermediary only

PE – patrons either directly or through a staff intermediary

NA – not applicable

M – missing (unknown, not reported)

91. Number of Internet terminals used by Staff Only?

Number of computer terminals (PC, 'dumb terminal', etc. used by staff only in the library that are used to connect to the Internet (text only, graphical, etc.).

92. Number of Internet terminals used by General Public?

Number of computer terminals (PC, 'dumb terminal', etc. used by general public in the library that are used to connect to the Internet (text only, graphical, etc.).

Interlibrary Loans

Items of library material, or copies of the material, which are made available by one library to another upon request. The libraries involved in interlibrary loan are not under the same library administration. In-state and out-of-state loan items are listed separately.

93. Number of interlibrary loans **provided** for Arizona libraries?

Report the number of actual items provided to other Arizona libraries.

94. Number of interlibrary loans **provided** for out of state libraries?

Report the number of actual items provided to out-of-state libraries.

95. Number of interlibrary loans **received** from Arizona libraries?

Report the number of actual items received from other Arizona libraries.

96. Number of interlibrary loans **received** from out of state libraries?

Report the number of actual items received from out-of-state libraries.

Information requests

97. How many information requests did you **provide for other libraries**?

Includes information requests sent from one library to another when the initiating library cannot answer a question or supply information. The libraries involved are not under the same library administration. Reported are the number of questions answered for other libraries and the number of questions sent to other libraries.

98. How many information requests did you **send to other libraries**?

99. Searches Against Local Electronic Resources by Local & Remote Users.

Electronic resources are those stored in or accessible via computer. They are databases for which a fee is paid and which allows random access to information through use of a search command. A "search" is defined as any case in which a search term is entered from the keyboard and a user presses enter or clicks a word such as send or go to issue a search command. Local electronic resources may include, but are not limited to, OPACs, CD-ROM reference tools, Web servers, or community information files.

100. Searches Against Remote Electronic Resources by Local Users.

The number of times local library users query online resources located outside of your library. For example, another Internet server, website or a remote electronic database available through Internet. Local users gain access to the electronic resources by using the computing and telecommunications facilities provided by your local library. Note: A "search" is defined as any case in which a search term is entered from the keyboard and a user presses enter or clicks a word such as send or go to issue a search command. Local electronic resources may include, but are not limited to, OPACs, CD-ROM reference tools, Web servers, or community information files.

101. Number Of Users Of Electronic Resources In A Typical Week

Count the number of users using electronic resources **in the library** in a typical week. Electronic resources include, but are not limited to Internet (WWW, email, telnet, other), online indexes, CD-ROM reference sources, software, and the on-line catalog. Do not include staff use of these resources (for example, personal research or collection development purposes).

Note: The number of users may be counted manually, using registration logs. Count each user that uses electronic resources, regardless of the amount of time spent on the computer. A user, who uses the library's electronic resources three times a week, would count as three customers. Software such as "Historian" can also be used to track the number of users at each public terminal.

PART VIII: CHILDREN'S SERVICES

Children are defined as "people 14 years old and under" by Virginia A. Walter, in *Output Measures for Public Library Service*, (Chicago, ALA, 1992).

CHILDREN'S SERVICE EXPENDITURES

102. Total Expenditures For Print Materials (Ages 0-14)

Expenditures for all materials for the ages 0-14, consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that did not require magnification: books, bound periodicals, government documents, Braille material, ephemeral print material, and the like. Exclude current serial subscriptions and microforms.

103. Total Expenditures For All Other Formats Of Materials (Ages 0-14)

Expenditure for all materials for ages 0-14 in any other format, for example: current serial subscriptions, microforms, machine readable materials audiovisual material and all other categories

CHILDREN'S COLLECTION

Note: Report number of physical units held at the end of the year. Physical units are volumes, items or pieces. Libraries report the number of physical units owned, both cataloged and uncataloged.

104. Print Materials

All materials for the ages 0-14, consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that did not require magnification: books, bound periodicals, government documents, Braille material, ephemeral print material, and the like. Exclude current serial subscriptions and microforms.

105. Other Materials

All materials for ages 0-14 in any other format, for example: current serial subscriptions, microforms, machine readable materials, audiovisual materials and all other categories.

SERVICES TO CHILDREN

106. Registered Borrowers (ages 0-14)

A registered borrower is a library user (in this case ages 0-14) who has applied for and received an identification number or card from the public library which establishes the conditions under the user may borrow materials. Figures are not reported unless the library has purged its file at least once within the last three years.

107. Total Circulation Of Children's Materials In All Formats To All Ages

The total annual circulation of all children's materials in all formats to all users. It includes renewals.

108. Number Of Programs Done By The Library For Children (Ages 0-14)

A program is any planned event that introduces library services, provides information or entertainment, or promotes the library. It may take place anywhere but the library is the primary sponsor, contributing time, money, space or people². (This figure is also included as part of Data Element #74.)

109. Total Number Attending Children's Programs Of All Ages

The count of the audience at all programs for which the primary audience is children. Includes adults who attend programs intended primarily for children. Includes offsite programs done by the library.
